ABSENTEE COUNT BOOSTS PINE IN COUNTY RETURNS

Bare Margin of 73 Now Lead Of Exiled Governor In Pontotoc County

NO OTHER CHANGES

Courthouse Issue Loses On Face of Official Returns Here

The lead of J. C. Walton, exiled governor and defeated candidate for United States senate, in Pontotoc county was further reduced in the belated arrival of absentee votes, which were made public with the announcing of the official returns by the Pontotoc county election board today. The absentee votes in most instances favored Pine and the Walton plurality cut from 111 to 73 on the face of complete official returns announced today.

The official vote including the absentee vote for the senate race in Pontotoc county gave Walton 3,480; Pine, 3,407; Wilson, 106; Bryant 6; Hockley 2; Turner 1; Benson 11. The total number of votes cast in the race for senator was 7,013, which is considered the maximum vote in the election of 1924. This is a considerable margin over the vote of the 1920 general election and more than cast in the primary of August. The vote is considered about 1,500 less than all available voters in Pontotoc county.

The ebb of absentee votes which further reduced by the lead of Jack Walton over W. B. Pine to a bare margin, did not affect other races in the voting in the county, either national or county. The absentee vote did not change materially the leads of any candidates previously announced as winners.

Court House Issue Fails

The final returns of votes on the courthouse bond issue revealed that the issue had been defeated on the face of official returns and that the legal exercise of the 60 percent of the total vote was not needed for the defeat of the measure. The official returns as announced by the election board today indicated that 3,314 votes had been cast against the measure and 3,276 had been cast for it on the face of a total vote of 6,590. The election board announced that 59 ballots were mutilated and had to be charged against the measure.

The final returns failed to cast any further difference in returns on congressional offices. The final official count revealed that not one single office sought on all ballots by Republicans was awarded on the face of returns.

Following are complete total returns of Pontotoc county's vote:

President—(Counting high elector in each race) Davis 4,268, Coolidge, 1,868; LaFollette (combined Socialist vote of 38 and Farm Labor vote of 486) 524.

Congress—McKeown 4,595; Wells 1,548; Misenheimer 315. Corporation Commissioner—Capshaw, Dem. 4,111; Quinn, Rep. 1,316; Libbey F-L 440.

HENRY CABOT LODGE AT DEATH'S DOOR

Little Hope for Recovery of Veteran Massachusetts Senator

(By the Associated Press)

CAMBRIDGE, Mass., Nov. 7.—The condition of Senator Cabot Lodge who has been unconscious since he suffered a stroke at noon Wednesday at the Charles Gates hospital where he was convalescing from an operation was reported unchanged at 8 o'clock this morning. His physician said there was little hope for any change that would be for the better.

A bulletin issued at 8:30 by Dr. John H. Cunningham, who performed two operations on the senator since last July said:

"While still unconscious Senator Lodge's vitality has not perceptibly changed during the last 24 hours."

Physicians at the hospital remarked on the fight for life made by Senator Lodge since the stroke Wednesday. Although almost 48 hours had passed since the stroke came the patient's pulse was strong and his temperature fair, according to his secretary, Charles F. Edmond.

The blow came entirely without warning. On Wednesday a few hours before the stroke, Senator Lodge dictated a telegram of congratulation to President Coolidge on the outcome of the election. He had planned to leave the hospital this week for his home at Nahant.

Dr. Cunningham and Dr. Frederick H. Winlow, Senator Lodge's personal physician, said their patient made a remarkable recovery from two operations, the last performed October 20, and that the stroke was entirely unexpected.

Dr. Cunningham expressed his belief that the shock had ruptured a blood vessel in the brain similar to the shock which often comes to elderly persons. Senator Lodge is in his seventieth year.

Ever since the latest phase of the senator's illness has been public, persistent rumors of his death have spread throughout the country. These reports have caused flags to be placed at half-mast in several New England towns before investigation proved them groundless.

NORTH DAKOTA SWINGS INTO COOLIDGE COLUMN

(By the Associated Press)

BISMARCK, N. D., Nov. 7.—Frank A. Vogel, La Follette campaign manager in North Dakota, today conceded President Coolidge's victory in North Dakota. When informed of the latest tabulation of 1960 precincts reported totals, he said:

"La Follette cannot overcome that lead."

DEMOCRATIC GOVERNOR ELECTED IN MONTANA

(By the Associated Press)

HELENA, Mont., Nov. 7.—Governor Joseph M. Dixon, Republican, Thursday conceded the election of J. M. Erickson his Democratic opponent in his gubernatorial race.

Father, Forgive 'em--Walton Sobs

OKLAHOMA CITY, Nov. 7.—"Father, forgive them, for they know not what they do."

That is the swan song—the prayer—offered by J. C. Walton in behalf of the 320,000 citizens of Oklahoma who voted against him for United States senator in last Tuesday's general election.

Breaking his silence for the first time since the first returns Tuesday night showed he was a loser. Walton declared in a statement Thursday night that the last round of his battle against the Klan had not been fought; that he holds no love for the press, also no malice; that the Klan now is more of an issue than it was before.

Pays Respects to Clergy

Commenting upon the part many of the ministers took against him in the campaign, Walton said, "the exclusionist in religion does not see that he shuts the door of Heaven on himself in striving to shut out others." He asks all good Christians to "pray for them," referring to the preachers who lambasted him, "and may the Lord have mercy on their souls."

Walton's statement follows:

I am proud of the fight I made and of the large vote I received. There were against me, all of the republican state and county organizations, and a majority of the democratic organizations; there were the Ku Klux Klan and the majority of

the newspapers; all of Pine's millions and the millions that he and the big interests could command.

He Feels Flattered

With no friends to perfect an organization and only a few friends who could openly make a fight for me, I feel flattered that 150,000 men and women cast their votes for me. These are the men and women who would not yield to prejudice or the influence of money, and who could not be frightened or browbeaten into submission.

With the election of Klansmen to national and state offices, the Klan becomes more than ever the issue. I have charged that a Klansman is a Klansman before he is a democrat or a republican. The election proves that the charge is true.

Those who stood by me have shown they stand with me for an imperishable principle, the triumph of freedom over Ku Klux Klanism, the triumph of truth, love and charity over hate and selfishness. The persecution, the stings and arrows of falsehood and the political poison from a thousand different sources which have been hurled at me is unprecedented in the annals of history.

Prays for Preachers

To those politically misguided and Ku Klux preachers who chose to bitterly assail me, I have only the kindest feeling and pray: "Father, forgive them, for they know not

what they do."

In disseminating their doctrine of exclusion, selfishness, religious and racial hatred, they have only injured themselves and their cause, for:

"The exclusionist in religion does not see that he shuts the door of Heaven on himself in striving to shut out others." He is likened unto "A carrion crow, and though you see not well what he hovers for, there is death somewhere."

If no good comes from this election other than to drive them from under cover, the task has not been in vain. May all Christian people pray for them and may the good Lord have mercy upon their souls.

No Love for Press

For the corrupt and subsidized press, I hold no love, neither in my heart do I harbor malice. They, too, shall reap their reward.

I am proud my campaign issue was for tolerance, visible government and constitutional law and those fundamental principles for which I had the honor to sacrifice the highest office in the state, and wish to thank those who stood loyally by my side, through all my trials and tribulations.

All the rounds have not been fought. We will fight again. As our fathers fought against tyranny, bigotry and intolerance, so shall I continue the fight against the Ku Klux Klan.

(Signed) J. C. WALTON.

VACANT ROOM, FIELD OF HONOR FOR FRENCHMEN

(By the Associated Press)

PITTSBURGH, Nov. 7.—A vacant room in a Forbes street building was used as a "field of honor" by two Frenchmen today—and when the smoke of the battle cleared the men lay dead on the floor each with a bullet in his head.

Pierre Biagoli, of French-Italian extraction, was called upon by J. N. Fourmaire, a French baker, to explain attentions alleged to have been paid to Fourmaire's wife, Georgette, the mother of two children. Fourmaire spent the last two months in jail on a serious charge lodged by a 14-year-old girl. He was released on bail yesterday and, he heard whispers concerning his wife and his friend.

Fourmaire summoned Biagoli seeking an explanation and they met this morning going to a vacant room in the bakery building to settle the argument. Police reports were that Fourmaire after killing Biagoli, shot himself.

Magnus Johnson Loses.

ST. PAUL, Minn., Nov. 6.—Senator Magnus Johnson, the Farmer-Laborite for re-election to the United States senate, conceded his defeat late Thursday to his Republican opponent, Thomas D. Schall. The vote from 3,238 precincts shows: Schall 365,261, Johnson 347,696.

President Resumes Business Tasks on Heels of Election

(By the Associated Press)

WASHINGTON, Nov. 7.—Assured of a working majority for the Republican party in the house and possibly in the senate, as well as his own election, President Coolidge went forward today with plans for the short session of congress.

After the regular semi-weekly meeting of the cabinet the first since the election, Mr. Coolidge had an engagement with Director Lord of the budget to go over the estimate for last year's appropriations for government departments.

The budget figures are nearing completion and will be among the items taken up for consideration by congress in December. What other proposals will be submitted by the president had not been determined, although farm relief is expected to be given special consideration after the investigation of farming conditions he expects to institute soon.

FRENCH COMMUNISTS TO STORM U. S. EMBASSY

(By the Associated Press)

PARIS, Nov. 7.—Five thousand communists, anarchists and other radicals planned to gather at the American embassy in the Rue de la Harpe this evening and demand the release of Nicoli Cacco and Bartoleno Van Zepp, who were convicted murder for killing a paymaster and guard in a payroll robbery in 1921.

A general meeting of communists and anarchists has been called for 8 o'clock this evening at the workers house in the Rue de la Grange au Belles and the intention is to have the manifestants parade to the American embassy.

The Parisian perfect of police had called out reserves to protect the American embassy but Sheldon A. Whitehouse, American charge d'Affaires has asked for no police protection.

The perfect of police has announced that the gathering will be scattered by 200 police agents who have been assigned to look after the American embassy.

TILGHMAN'S SLAYER TO BE TRIED IN TULSA

(By the Associated Press)

Lynn's case was bound over to the federal grand jury which convenes in Muskogee the first Monday in December.

Agreement to try Lynn in the federal court was reached at a hearing before Crutcher yesterday afternoon, with the understanding that state attorneys should participate. It was said that trial of the case would be before Judge F. E. Kenamer in the United States district court at Tulsa in December.

CONSERVATIVES ASSUME OFFICES IN ENGLAND

(By the Associated Press)

LONDON, Nov. 7.—The new conservative government assumes office today with the customary ceremony at Buckingham palace when Stanley Baldwin and members of his ministry thus far chosen take the oath and receive their seals of office from the retiring Laborites and comply with other necessary formalities.

The new cabinet gets, on the whole, a very favorable reception from the London morning newspapers, even opposing organs giving grounds for approval of many of the appointments. It is universally remarked that the ministry is much stronger than Baldwin's last administration, although the Times admitting this, regretting the inclusion of so many former office holders, says:

"The public is looking with almost pathetic anxiety for the emergence of new leaders."

The merchants also decided to take steps towards getting the highways leading into Ada marked. It is the intention to put up small markers, showing the direction and distance to Ada.

The meeting was well attended, notwithstanding there were several other meetings of interest in progress.

Two Gridiron Teams To Mix With Rivals At Home and Abroad

Ada's two gridiron teams will battle with opponents today, the Tigers taking on the Goldbugs of Oklahoma City College here at Park field this afternoon and the Ada Hi team tangling with the Holdenville high school team at Holdenville.

Victory for the East Central team this afternoon will mean a more dignified rating in the second columns of Oklahoma inter-collegiate rating.

Despite the fact that the Goldbugs have returned their star, Danforth, to the lineup after a long illness due to injuries and the fact that they held the Shawnee Bisons to a close score, East Central is hoped to win here.

The Ada high school is expecting little trouble in snowing under the Holdenville team.

SCHOOL NOTES

Ada Hi Public Speaking Club.
At a meeting of the club this week, the following officers were elected: President, Clifford Gray; Vice-President, Irene Holmes; Secretary, Gladys Morris; Treasurer, Audrey Whitwell; Sergeant-at-Arms, Carl Duncan; Yell Leader, G. R. Norman; Reporter, Edna Gray.
We wish to thank the people of Ada for their generous support of our drama presented Monday evening, "College Thrills," for the large audience, frequent applause and praise given us. We thank the News for its favorable comment. As to the plot, which was slightly touched upon, it was clearly seen that the disappearance of Willie, who was supposed to have been kidnapped, was only a trip by airplane with the two college students who had sent word to his mother by Patsy, a maid, who was so in love with McFlann that she neglected to deliver the message. Lewis Huffstein, the hero, had formerly been skeptical and almost ruined by wealth; but his mother's Bible had convinced him that true science and the Holy Book are in perfect harmony; and he decides that he will not go away sorrowful like the rich young man, but that he will give his inherited riches to Hill House, a blessing. He wins Martha in the end. We feel that, in addition to the other characters favorably mentioned as acting their parts well, Audrey Whitwell, Allen Hensley and Gladys Morris played their parts exceedingly well.
Sufficient interest was manifested and funds collected, to justify the club in their plan to carry out the debate schedule with other high schools this school year for district and state championship. Two other dramas and four debates are planned to be given at Ada.
EDNA GRAY, Reporter.

HOW COOLIDGE STARTED

TULSA WATER WORKS

(By the Associated Press)
TULSA, Okla., Nov. 6.—Just how President Coolidge sitting in his office in the White House at Washington can turn on a faucet in Oklahoma?
The question has been asked by hundreds of Tulsans who have read newspaper accounts of President Coolidge's part in the Spavinaw water project celebration, November 17, according to C. S. Avery, chairman of the water commission.
The plans for the Spavinaw celebration which will take place in Tulsa call for President Coolidge to press a button in Washington which will turn on a faucet at the Mohawk reservoir in Tulsa. When the clear water gushes out, Governor M. E. Trapp will fill a golden goblet and hand it to Mayor H. F. Newhook of Tulsa, who will drink the official draught.
The way in which President Coolidge will turn on the water was explained by Avery. The button on the president's desk will be connected with Tulsa by a telegraph wire. On the faucet here a gold plated weight is suspended by a single wire. When the president presses the button, electricity will flow through the wire causing it to melt and release the weight. The falling of the weight opens a valve and the water will pour from the faucet, which also will be gold plated.

MRS. FERGUSON MAY WIN

IN TEXAS BY 100,000

DALLAS.—Complete returns from fifty-nine counties received Thursday by the Texas Election Bureau gave Mrs. Miriam Ferguson a majority of 26,559 over Dr. George C. Butler for Governor. The bureau is now tabulating complete returns only.
Incomplete returns from a number of other counties have been received, but are not included and will not be until reported complete.
Tarrant, Dallas and Bexar Counties are among the 193 not yet reported complete.
Thursday night totals were Butler 72,687, Ferguson 99,246. With the Democratic majority 26,559 at this stage, the trend of the reports show that Mrs. Ferguson's final majority will be in excess of 100,000.

ARMY-NAVY GRID

TILT AT BALTIMORE

Preparations Made for Annual Clash of West Point and Annapolis Teams

(By the Associated Press)
BALTIMORE, Nov. 7.—Applications for tickets for the Army-Navy gridiron classic, to be played in the Baltimore Stadium, November 29, are already greatly in excess of the supply allotted to Baltimore city for sale, those in charge of ticket distribution have announced.
Of the 78,000 seats provided in the stadium, 10,000 have been apportioned to Baltimore, and the remainder equally divided between the Military and Naval Academies for disposal. With requests for seats from the city's share pouring into the office of Mayor Howard W. Jackson by every mail the demand has far exceeded the number available by several thousand.
Every effort will be made to minimize scalping. Orders have been issued by Police Commissioner Gaither for the arrest of every person attempting to sell tickets above face value, and prompt and vigorous prosecution has been promised.
Mayor Jackson, after a conference with hotel managers, gave assurances that no exorbitant prices for rooms would be charged. William J. Quinn, president of the Baltimore Hotel Men's Association, told the mayor that hotel rates have not been and will not be increased for the date of the game.
Mayor Jackson has also been informed that ample hotel accommodations for visitors to Baltimore will be available. If indications should point to an overflow, however, the mayor said, an appeal will be made to citizens, and a list of rooming houses where accommodations may be obtained, would be published.
Something new in the way of transporting fans to the scene of the contest has been provided by the Baltimore & Ohio railroad, which has built one new siding and reconstructed an old one, so that visitors will be detained within walking distance of the stadium. Platforms have been constructed along these sidings which are long enough to accommodate a 12-car train. Extra trains will be run from New York, Philadelphia and Washington.

A great military and naval ball is being arranged by officers of the Fifth Regiment, Maryland National Guard, to be held in that regiment's armory the night of the game. Colonel Washington Bowie, commander, said the affair would be the first of its kind to his knowledge. All cadets, midshipmen and other military and naval guests may take part, and Rear Admiral Henry B. Wilson, superintendent of the Naval Academy, has granted permission for the two upper classes of the Academy to remain in Baltimore Saturday night for the ball.

TULSA, Nov. 7.—Out of 342 oil wells drilled in Oklahoma during October, approximately 60 percent were producers, according to field activity statistics compiled by the Oil Weekly and published today.

Out of the total number of wells drilled, 235 were producers with a total initial production of 129,689 barrels. Ninety were failures and 17 were gas wells.

ROMANCE lies within the circle of your cup of Maxwell House. That fragrant aroma breathes of Araby and distant sun-wrapped lands where the finest coffee is grown.

There are visions of the great ships breasting foamy miles to bring the treasure home.

There's the long, long quest for the exact blending of these fine coffees to create the flavor that is "Good to the Last Drop."

India Has Women Legislator.
(By the Associated Press)
MADRAS—India's first woman legislator is Mrs. Poonen Lokose, who has been appointed by the Maharajah Regent of Travancore to be a member of the local council.

She is a Syrian Christian doctor and has been head of the state medical service for several years. Mrs. Lokose was educated in England and when attending London University was the only Indian woman studying outside of India.

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

"Gentlemen:
I am so wonderfully happy over my discovery, I feel I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krumble Bran.
Every morning I take two table-spoonsful before my breakfast—and since the latter part of August I must admit have not experienced one sick spell which I have had for years. I have started my little girl

of four years on your Bran, and already I have noticed a change in her. I thank you."
Name and address furnished on request. Write the Kellogg Co., Battle Creek, Mich.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to relieve permanently the most chronic cases of constipation. Eat at least two table-spoonsful daily—in chronic cases, with every meal. Money returned if not effective.

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran.

Kellogg's Bran, cooked and krumbled, made in Battle Creek, is served by America's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

HIS CONSCIENCE TROUBLED HIM

"I know I have done wrong, please forgive me for not doing my duty and writing you before. I am thankful to God and the good remedy He gave you, and would not take \$500 for the good the first dose gave me. I have been bothered for many years with gas in my stomach and indigestion, but since taking Mayr's Wonderful Remedy two years ago, have had not such trouble." Abundance of Wild Game Now Roaming In Kiamichi Woods

(By the Associated Press)

BROKEN BOW, Okla., Nov. 7.—Within the confines of the state's 16,000 acre game preserve, in the Kiamichi mountains, north of this city, roam hundreds of deer, multiplying rapidly, protected from the careless and lawless hunters. Thousands of wild turkeys, also protected from the hunter live in the preserve.

Two deputy game wardens, law officers of many years' experience, selected by George Hines, state game warden for their range experience and ability to apprehend the lawless, patrol the large tract. Every hour of the day they are riding over the rugged stretches of the preserve. At night sharp scented dogs warn the deputies of marauders.

So successful have been the deputies in keeping out poachers that the deer and turkeys are almost un-mindful of the approach of a human, the deputy wardens say.

There is no open season in Oklahoma for deer and turkeys.

MISSOURI ARTISTS PLEASE ADA

It was a rare treat for those who heard Elsworth A. MacLeod pianist and Herbert Wall, baritone, at the College last night in their recital of piano and voice selections that were far superior to many of the heralded artists of concert and operatic fame.

It was a joy to hear the clear singing legato tones of MacLeod's piano numbers. His technique, perfect relaxation, sureness of tones and interpretation were reminders of the famous Busoni.

The heart of Oscar Seagle would have rejoiced could he have heard his pupil, Hubert Wall, in the group of old English and French songs and the negro spirituals.

Mr. Wall has a voice that appeals to his audience, it is rich and mellow with perfect enunciation and finish. The University of Missouri is fortunate in having two such artists at the head of its fine arts department.

Caring for Strawberries. STILLWATER, Okla.—Strawberry plants require no better care just before harvest than they require in winter, says George W. Cochran, horticulturist at Oklahoma A. and M. college.

Usually the plant is forgotten after the crop is harvested. Cochran declares. The grower who realizes that success of the following year's crop depends to a large extent on work done now will not neglect strawberry plants in winter, he says. "After harvest, the patch should be weeded. The number of new plants allowed to form should be limited."

"At this season, the bed should have a good stand of healthy plants. They will grow considerably between now and the time the weather is too cold."

On sites where there is good surface drainage, also good subdrainage, application of two tons of mulch to the acre is beneficial. Allowed to remain on the plants until early spring, it then can be raked back and saved for another winter's use.

"A 'fruiting' mulch of nitrate of soda also is recommended to be applied before the blossoms appear for the purpose of keeping berries clean. Rain washes dirt on the fruit decreasing its market value. Some growers cultivate, and even fertilize in early spring before they apply the mulch."

Shallow cultivation is of some benefit, but cultivation deep enough

CRIPPLED SOONERS FACING HOME-COMING

Determination to Turn Back Invading Tigers Only Hope Now

NORMAN, Okla., Nov. 7.—With their injury list heavier than that has been at any time this season, the battered Sooners of the University of Oklahoma are driving hard at the finish of their training period, determined to turn back the invading Missouri Tigers at the annual homecoming game on Owen field tomorrow.

Two cripples were added to the long list when the powerful Oklahoma Aggies crushed the Sooners by a 6 to 0 score last Saturday. Hendricks, left half, went out of the game with a cracked rib, and Woodall, left end, suffered a sprained ankle which will undoubtedly keep him out of the Tiger battle. Hendricks, however, was swathed in tape on the Aggie sidelines and returned to the line-up and it is likely he will play a part of the game Saturday.

White, with a fractured wrist, and Penick whose finger was broken in the Drake game, had to be used in the Aggie game. Lamb, right half, and first string punter, Price, right end and Schaffer, center slowly are recovering from shoulder injuries and are counted upon to start the game tomorrow.

Mathias is slated to replace Woodall at left end and Miller, rangy half, playing his first year on the varsity squad will break into the line-up sometime during the fray.

Owen's starting backfield probably will include Captain Bristow, full back, Lamb and Hendricks, halves and Slough, quarter.

Gridiron stars of former years have been back this week, assisting the coaching staff in driving the team through its final practices.

Hundreds of alumni are back to take part in the homecoming festivities and swell the crowd of 15,000 expected to jam the stands tomorrow. More than 700 superintendents, principals and high school teachers of the state, and 85 editors of high school papers and annuals also will be on hand for conventions arranged for today and Saturday morning. The homecoming program, the most elaborate in the history of the school will include special entertainments for the visiting teachers and editors, meetings and a banquet for old grads, a monster pep meeting tonight and a pageant parade tomorrow morning. The game is scheduled to start at 2:30 tomorrow afternoon.

SOONER HARRIERS OUT FOR STAKES

Rutherford Leads Distance Men to Meet at Des Moines

NORMAN, Nov. 7.—(Special)—With two cross country victories tucked safely away for the season, six Oklahoma long distance men and their coach, John C. Jacobs, left for Des Moines Thursday afternoon where the Sooner harriers will enter the Missouri Valley conference tournament at Drake university Saturday.

More than 100 runners representing the nine different schools of the conference are expected to participate in the meet which is an added feature of Drake's homecoming football game with the University of Kansas.

Oklahoma runners defeated Nebraska by a score of 26 to 29, and piled up a count of 20 to 37 over the Oklahoma Aggie.

Led by Capt. "Red" Rutherford, who hit the tape for first place in every meet this season, the Oklahoma sextet will enter the tournament favored to atone for its poor showing made in the Valley meet last year at Kansas.

The Oklahoma runners have been working on speed this week. Before their victory over the Oklahoma Aggies last Saturday, they had turned in a consistent average of 30 minutes for the five mile practice run every night.

Rutherford's time will compare with the best efforts of the three leading cross country runners in the Valley this year. Lewis, Nebraska harrier, who finished first against the Kansas team two weeks ago and who trailed Rutherford by more than 100 yards in a dual meet with the Sooners early in the season, has a record of 26 minutes, 4 seconds. M. L. Sallie of the Kansas Aggie team shattered all previous records in the Valley when he stepped the five miles in 25 minutes, 55 seconds.

Captain McIntyre will head the Ames cross country team which has captured dual, triangular and Valley meet honors for several years past. Aubrey and Pittenger are the

fastest runners on the Missouri team. Strength of the Washington university team is so far unknown, for the Pikers have never exhibited their wares before Valley judges. Gould and Myers are reputed to be two great runners of Grinnell College.

A silver trophy cup will be awarded to the winning team of the meet and medals will be given to the first 10 runners to cross the tape. The harriers will start during the football game, circle the stadium track and then cover five miles, finishing the race near the end of the game.

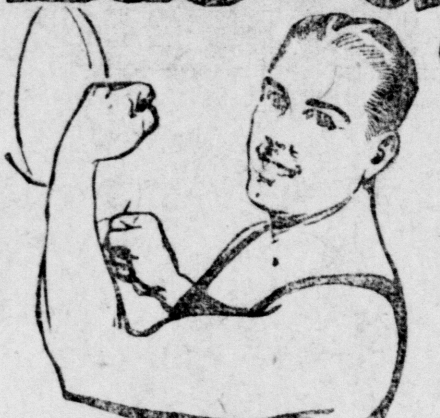

Oklahoma runners who will be taken to Des Moines in the order they have been finishing during practice heats are Rutherford, Stephens, Starr, Frank, Tarver and Brady.

WALTON SELLS HIS HOME IN CAPITAL

OKLAHOMA CITY, Nov. 6.—J. C. Walton, former governor, resting at his home here after his campaign, remained silent regarding the outcome of the senatorial election in which he was beaten by more than 124,000.

Walton declared he had no comment to make "at this time."

Reports that Walton would shortly leave the state, possibly for good, were heard in local political circles.

These were probably engendered by the sale of his home, a \$60,000 mansion on West Seventeenth street.

Papers in connection with the sale were filed with the county clerk today. The purchaser is N. O. Pengilly of Oklahoma City. The papers show a cash transaction of \$10,000 and transfer to the purchaser of a \$30,000 mortgage on the property held by E. W. Marland of Ponca City.

The mansion figured prominently during the impeachment proceedings against Walton when he was governor. It was charged that Marland never expected to collect on the mortgage but this was denied by Marland.

The house served as headquarters for the military activities directed by Walton when the state was under martial law.
